Depok, Indonesia 16438 | [razkahakim@gmail.com](mailto:razkahakim@gmail.com) | +6281388925959 | [linkedin.com/in/razkafawwazil](https://www.linkedin.com/in/razkafawwazil)

---

Computer Science student at Bina Nusantara University specializing in Web and Fullstack Development. Skilled in HTML, CSS, JavaScript, and React, with growing knowledge of backend technologies and databases. Actively enhancing expertise through BNCC Learning and Training and IDCamp Dicoding. Known for adaptability, discipline, and leadership, with strong motivation to apply web development skills through an internship.

**PORTOFOLIO:** <https://react-porto-final.vercel.app/>

## EDUCATION

---

**Binus University – Jakarta, Indonesia**

**S-1, Computer Science (GPA: 3.01/4.00) Aug 2023 – Jun 2027 (Expected)**

**Lampung University – Lampung, Indonesia**

**S-1, Computer Science (GPA: 3.80/4.00) Aug 2022 – Dec 2022**

## ORGANIZATIONAL EXPERIENCE

---

**Bina Nusantara Computer Club**

*Member of Learning and Training*

*Okt 2024 – Apr 2025*

- Completed intensive training focused on Mobile Application Development, covering programming fundamentals and project-based learning.
- Designed and developed a cross-platform mobile application using Flutter to demonstrate technical proficiency and practical implementation skills.
- Focused on UI/UX design, state management, and responsive interface development to deliver a functional and user-oriented product.

**Permata Cup**

*Head of Event Division*

*Jun 2025 – Aug 2025*

- Spearheaded the Event Division for a multi-sport competition featuring 5 sports (futsal, basketball, badminton, table tennis, and volleyball) with 250+ participants.
- Designed and executed a full event rundown, ensuring 100% on-time program delivery.
- Supervised a team of 8 committee members, coordinating logistics and operations for 20+ matches.

**Teach for Indonesia**

*Volunteer Educator*

*Nov 2024 - Dec 2025*

- Delivered English language instruction to over 15 early childhood students at PAUD Al-Aqidah through interactive, play-based learning sessions.
- Designed and facilitated creative learning activities that fostered critical thinking, idea generation, and self-expression among students.
- Observed measurable improvements in children's confidence, communication, and creative engagement throughout the program.

**Karang Taruna**

*Staff of Event Organizers*

*Dec 2022 – Jul 2024*

- Organized a monthly community clean-up initiative, fostering environmental awareness and collective responsibility among local residents.
- Coordinated a Halal Bihalal gathering, strengthening social ties and unity among 200+ participants.
- Managed a cultural performance event, successfully inviting representatives from the Depok Regional House of Representatives (DPRD) and engaging the wider community

## PROJECT

---

**Website Project:**

- **Depok Toys (2025)** - Built a functional mini e-commerce platform using HTML, CSS, and JavaScript.

- **Website Portfolio Draft (2025)** - Developed a personal portfolio website with responsive design using HTML, CSS, and JavaScript.
- **To-Do-List App (2025)** - Developed a task management web application leveraging React and Next.js frameworks.
- **Tic Tac Toe Game (2025)** - Designed and developed an interactive two-player Tic Tac Toe game using [React.js](#).
- **Website Portfolio (2025)** - Developed a personal portfolio website with responsive design using React.js, Typescript, and Tailwind CSS.
- **Booking Ticket App (2025)** - Built a full-stack ticket booking platform using Next.js, featuring authentication, database integration, and responsive design.
- **Article Blog (2025)** - Created a blog article platform using Laravel and MySQL, generating content with Faker for dummy data.
- **Expense Tracker (2025)** - Built a full-stack expense management system using Laravel (backend API), Next.js (frontend), and MySQL. Implemented authentication, expense CRUD operations, and real-time data visualization.

#### Research Project:

- **IQORIS (2025)** - Hybrid Naïve Bayes–ARIMA Model for Crop Yield Forecasting in South Kalimantan

## COURSES & SKILLS

---

#### Relevant Course & Certification:

- **IDCamp Dicoding** – Belajar Dasar Cloud Gen AWS (2025)
- **RevoU Fundamental Course** – Software Engineering (2024)
- **BNCC Learning and Training** – Mobile Application Development (2024)
- **RevoU Fundamental Course** – Intro to Digital Marketing (2025)

#### Key Skills:

- **Hard Skills** : HTML, CSS, JavaScript, React, Node.js (basic), Next.js, Python, Git/GitHub, SQL (basic), Responsive Web Design, Microsoft Office, Figma, Canva
- **Soft Skills** : Adaptability, Time Management, Prioritization, Problem Solving, Communication
- **Language** : Indonesia (Fluent), English (Intermediate)
